

Magnetic insert for Bag Filter

MAGNETIC INSERT

Choice of high magnetic strength – 4000 and 9000 gauss for effective removal of iron particles in combination use with filter bag.

Magnetic strength are permanent and reusable.

Features

- Reliable system and easy to clean after use.
- Permanent magnetic strength
- Use together with holder to position at center of filter bag
- Users may have up to 3 magnetic insert per holder to maximize the effect if you have a lot of iron particle to remove

Specification

- Size:
All 4 sizes available -1, 2, 3, 4
- Magnetic Strength:
4000 and 9000 gauss
- Magnet per holder:
1, 2, 3
- Max Operating Temperature:
120 deg C
